American Surgeons Cool.

American surgical teams have again been doing magnificent work in advanced casualty clearing stations since the latest offensive began, a number of surgeons and helpers being under a heavy shell fire at times. At one station out in the neighborhood of the Ypres-Menin road several surgeons and assistants have been laboring steadily since Thursday morning. Those who have seen them at the operating table while shells were breaking about them declare that they have never witnessed a time of greater coolness than was shown by these men who wielded the knife to save life during these nerve-racking times.

Those who are acquainted with the ordinary hospital operating table and know how much care is taken to prevent noise and interruption can realize what it means to carry on delicate operations while great shells are exploding near by. Another American surgical team has been working in a German prisoner camp where wounded captives are taken. There were still others scattered about at various points.

SELLING OLD GLORY IN PARIS

Selling American flags in Paris has become a very common occurrence. The vendors are reaping a small harvest, so popular is the American emblem.

A Nice Mess.

At the bottom of all this Flagler-Bingham-Keenon-Wise trouble is big money and the greed for it. Old Flagler made all these millions by most questionable methods and then deserted his poor afflicted wife getting a divorce from her by special act of a Florida legislature, (which he "elected" for the purpose), to marry a younger one. And then he laid down and died and the widow married the sweetheart of her youth, Bingham. She died leaving \$80,000,000 or more to a niece and other relatives, who to keep Bingham out of five million she left him in a codicil, seem willing, according to interrogatories of their attorney, to defame her memory by alleging she was doped in her last illness and tricked into making the codicil. And now it is claimed private detectives have broken into and robbed the office of Mrs. Bingham's physician in her last illness to learn what narcotics were administered to her, and that efforts have been made to bribe her nurse. A nice mess! — Owensboro Messenger.

Barn Burned.

A tobacco barn containing tobacco from the farm of Scott Winn, near Ringgold, Tenn. was destroyed by fire Tuesday. A negro who had been firing the tobacco says the fire started in the top of the barn. The barn was valued at \$1,000 and the tobacco at \$2,500.

The Eyes Have It.

Clint Young reports to the Clarks-ville Leaf Chronicle that he planted half a peck of Irish potatoes and the eyes of another half peck and after using such quantity as the family needed upon the table from time to time during the summer, he finally gathered from the crop twelve and one-half bushels of potatoes, some of which weighed as much as two pounds each.

He states that he found no difference in yield, as between the rows containing only the eyes and those containing the whole potato.

Nerves Needed.

Only those at Camp Zachary Taylor who successfully stand the nerve test in store for them will have any chance whatsoever to engage in battle in Europe. Experts to conduct the test have already been ordered to the Louisville cantonment.

Want All Farmers Exempted.

Organized farmers of the nation Monday urged President Wilson to order a more liberal application of the army draft law, which would not only exempt men who apply, but keep the skilled farmers out of the military service and require them to remain at their posts as producers.

CONTINGENT TO BE COLORED

Expected That 39 Negro Conscripts Will Be Sent Next Week.

ONLY 22 WHITE ELIGIBLES

Call Expected In Time For Men To Leave October Third.

While no instructions have yet been received by the local board, preparations have been made for sending the second quota of 39 men from Christian county to Camp Taylor next Wednesday, or as soon thereafter as they may be called for. Available for this contingent there are now 22 white and 91 colored conscripts passed upon and held liable to call.

It is the general belief the 39 to be called next week will all be colored, since a mixed quota is not likely to be chosen and the first quota were all white men. This would leave about 9 additional men to be sent later in the month of October, who would probably be the white men who were excused on account of their crops.

There were more colored men who qualified than there were white men, although 65 per cent. of those called for examination were white men. This was due to the better physical condition of colored farm hands and to the fact that but few of them asked for exemption in the last call of 250.

The proportion to qualify was not so large in the first 300 called.

If the call from this county should be again made for white men only, the Board will be unable to send them without a third call for examination. The board is looking for the official order any day. It will probably be received by the end of this week.

A Sad Death.

In the death of Miss Lucie Norton McCormack, daughter of Dr. A. T. McCormack and Mrs. McCormack and grand-daughter of Dr. J. N. McCormack, the whole community is shocked and the deepest sympathy of all goes out to the bereaved parents. She was just entering into young womanhood and was loved by all who knew her for her sunny disposition and her lovable traits of character. — Bowling Green News.

Detectives Doing Good Work.

Washington, Sept. 26.—While there is no indication of what will be the State Department's next disclosure of German intrigue in America or elsewhere, it is known that disclosures as sensational as any yet published are being held in reserve and may be published at any time.

One of the things the State Department has is a list of persons who received German money in the passport frauds, the munitions plots and practically all the other activities of German intrigue here, which took place between the beginning of the war in August, 1914, and the entry of the United States into the conflict.

This list is said to contain scores of names and the amounts of money run very high.

From time to time the department also probably will make public certain evidence to dispose of the details of those who have been involved in the disclosures already made.

Missionary Society.

The Woman's Missionary Society of the South Union Baptist church, met with Mrs. B. A. Caudle Wednesday, Sept. 5. There were 16 members and two visitors present. A plea was made for Bethel College and \$3.75 was collected and handed over to a committee to spend for anything they needed in the dining room. \$3.75 was collected for quilts and \$2 for dues were paid into the treasury. 16 visits had been made to the sick during the two weeks since the last meeting, also seven tracts distributed and two garments made.

The Woman's Missionary Society met at South Union church Wednesday, Sept. 19, at 2 p. m. A very delightful program on State Missions was given by talented members of the society. The envelopes containing the State Mission offering were collected—\$2.50 dues paid in. There was a report from the committee on the Mission Study class. Seventeen were present and the Society reported nine visits to the sick and four periodicals distributed since the last meeting.

LITTLE LILLIAN. ROMAINE FISHER CAN TALK AGAIN

This attractive little lady is the two year old daughter of Mr. and Mrs. O. M. Fisher, 238 North St., Harrisburg, Pa. Last winter she had an attack of measles, together with a very severe cold. Just at that time Druggist S. J. Wilhelm presented Mr. Fisher with a jar of the Southern "outside" treatment—Vick's VapoRub Salve, which was just then being introduced in Harrisburg, and requested that he give this preparation a thorough trial. Mr. Fisher writes—

"I must say that our baby had such a cold on her chest and in her throat that she could hardly talk, and we could not get her to take anything internally. After we used Vick's VapoRub Salve on her breast and throat at night before going to bed she was entirely relieved." No family should be without this preparation. It is externally applied, and so can be used freely—it is absorbed through and penetrates the skin, and, in addition, is inhaled as a vapor. It has a hundred uses for the many minor ailments for which every mother is the doctor. Three sizes, 35c, 50c or \$1.00.

New Committee Created.

Creation of a Committee of Woman Suffrage was ordered by the House last Monday by a vote of 181 to 107. This action, for which the suffragettes long have contended, assures an early fight on the Susan B. Anthony suffrage amendment at the next session of Congress.

Negro to "Run Amuck."

Tulsa, Okla., Sept. 26.—Walter Jones, a 22-year-old "plain black negro," of Chelsea, Rogers county, says he hasn't got much sense and "is liable to run amuck at any moment."

This was the reason he offered the Appeal Board of District No. 2 for not wanting to go to the front.

The Appeal Board decided to send him on, anyway, and let him "run amuck" against the German lines.
